ENVIRONMENTAL POLICY

We at **ASHA CELLULOSE (I) PVT. LTD.** firmly committed to manufacture and supply excellent quality products in a manner that ensures a safe and healthy workplace for our employees and minimizes potential impacts on the environment. We will operate in compliance with all relevant environmental legislations and we will strive to use pollution prevention and environmental best practices in all our activities. Our Policy is to:

- promote environmental awareness among our employees and encourage them to work in an environmentally responsible manner.
- minimize generation of waste and reuse or recycle as much of it as possible.
- minimize energy and water consumption in all our operations in order to conserve and minimize the consumption of natural resources.
- as far as possible, purchase products and services that do least damage to the environment.
- periodically train, educate and inform all our employees about environmental issues and effective control measures to minimize them.
- communicate our environmental commitment to clients, customers, contractors and the public and encourage them to support it.
- develop and maintain appropriate emergency response programs where required by legislation or where significant environmental, health or safety hazards exist.
